

Tension release bands for long term face mask comfort

We hear you - wearing face masks for a long time is uncomfortable and the contact pressure from the elastic straps can create pressure leading to friction lesions that hurt your ears!

That's why we have developed "eband" head bands that allow for safe long-term mask use.

Reusable

Easy to clean

One size fits all

Easy to adjust

Extreme comfort

No snagging

Made in New Zealand.

Made from a strong durable plastic

Using soapy water, diluted Isopropyl alcohol, Hydrogen peroxide and Bleach Safe. Made from a nonporous FDA approved plastic

Multiple hook positions so you can size it to suit your head shape

Quickly reposition the straps on the hooks

Soft flexible plastic sits comfortably on the back of your head.

Soft edges won't get caught on your hair
